

ON THE OTHER ISLANDS

"Chip" Gilman, one of the Honolulu boys to win the croix de guerre in France, has gone into the movies. He is the first of Honolulu's soldier sons to make his appearance on the screen and made his initial bow to an audience at a Honolulu theater last week. Here's the way it happened:

Chip went to France with the gas and flame corps. For bravery in action he, with several others, was decorated with the croix de guerre by a French general. A Gaumont weekly photographer was present at the ceremony and for some reason of his own, chose to photograph "the fifth man receiving the fifth cross." "The fifth man" was Arthur Gilman.

He was recognized by a large number of his friends in the audience at the first showing of the picture.—Star-Bulletin.

"Major" Spalding Is Reported

Of interest to Wailuku residents will be the news that "Major" W. H. Spalding, alias W. H. Baldwin, was taken to Seattle on the Makua this week by Deputy Sheriff William Hadley of Tacoma, Washington, under authority given by extradition papers signed by Governor C. J. McCarthy. On his arrival there Spalding will face charges of grand larceny preferred against him in Washington. Should this criminal be convicted in Washington it will save the Territory the expense of trying him for the two indictments on worthless check charges which are against him here.

C. C. von Hamm, managing director of the von Hamm-Yonning Company left for San Francisco May 21, on an extended tour of the mainland. He will visit the large motor car and truck factories and will arrange for the speedy delivery of cars ordered by his company.

Approve Music School—Approval was given by the trustees of Oahu College to the plans for the enlarged Punahou Music School and the school was authorized to negotiate for a violinist, a cellist and a vocalist to come to Honolulu and join the faculty.

High Rate To Manila—Owing to the fact that the Pacific cable, which was broken last April between Guam and Manila, has not yet been repaired the cable rates between Honolulu and Manila, by way of Europe, now cost \$2.03 for each word, instead of the former rate of 85 cents a word.

Brilliant Meteor Seen—One of the most brilliant meteors seen here in recent years fell slowly through the western skies from south to north a few days ago and was plainly seen at Honolulu. To observers on the plains it apparently fell into the sea in the direction of Barber's Point, remaining brilliant until close to the horizon.

Seventh Marathon Will Be Run At Denver

DENVER, Colo., May 15.—(By Associated Press)—The seventh annual marathon race held under the auspices of the Rocky Mountain News, will be held over the Littleton-Denver course, a distance of ten and two fifths miles Saturday morning June 7.

The race which annually attracts the best long distance runners of the Middle Western states will have more entries this year than ever before, judging from the number of applicants that made known their intention of entering the Western Classic when the date was announced.

Many of the men who have participated in the race in previous years were unable to enter last year because they were in some branch of the service, but with their return and the resumption of athletics at the colleges of the state on greatly enlarged scales the entry list this year promises to be the greatest since the revival of the race seven years ago. The race is open only to amateurs, the winners to receive a trip to the National A. A. U. track and field championship meet which will be held sometime this fall in the East. Special medals will be given to all service men who participate in the race.

THROW HUN TRADERS OUT

LONDON, March 30.—(By Associated Press)—London business men and British manufacturers whose plants are located outside of London are alarmed lest the German should again obtain a profitable foothold in the country, and wide publicity is being given all information which tends to show that Germany again expects to do business here. The latest is the publication of labels which Germans have prepared for the expected trade and which have been sent to London by soldiers with the Army of Occupation at Coblenz.

"Superior scissors made of the best double refined cast steel. Made in Germany" reads one label, and "finest hollow-ground razors, set ready for use, warranted; made in Germany" is another. Still others carry the guarantee of the German manufacturing firm, and all of them bear the place of origin.

According to an announcement by the Board of Trade, the regulations against the importation of German goods in Great Britain are still in force, and there is no danger of a German trade invasion until these have been removed. The British are jealously guarding their home trade from the German.
